Introducing The Haliburton Post House

A New Take on the Private Retreat

Imagine your next event in an unforgettable, private, and completely exclusive-use, destination. Where everything you need, and so many things you love, are right at your fingertips. Ready for your guests. Year-round. And customized exactly as you wish.

Where Past Meets Future

The Post House began with a single cottage, almost a century ago. In 1947, the Main Lodge was handcrafted entirely from massive logs hewn from the lakeside property itself, and the surrounding area. Built using nary a nail, it is quite literally a "post house."

Fast forward to 2018, when Glencedar Inc., sister company of Northwind Professional Institute and MSA Research, purchased this multi-faceted property, after spotting its private retreat potential.

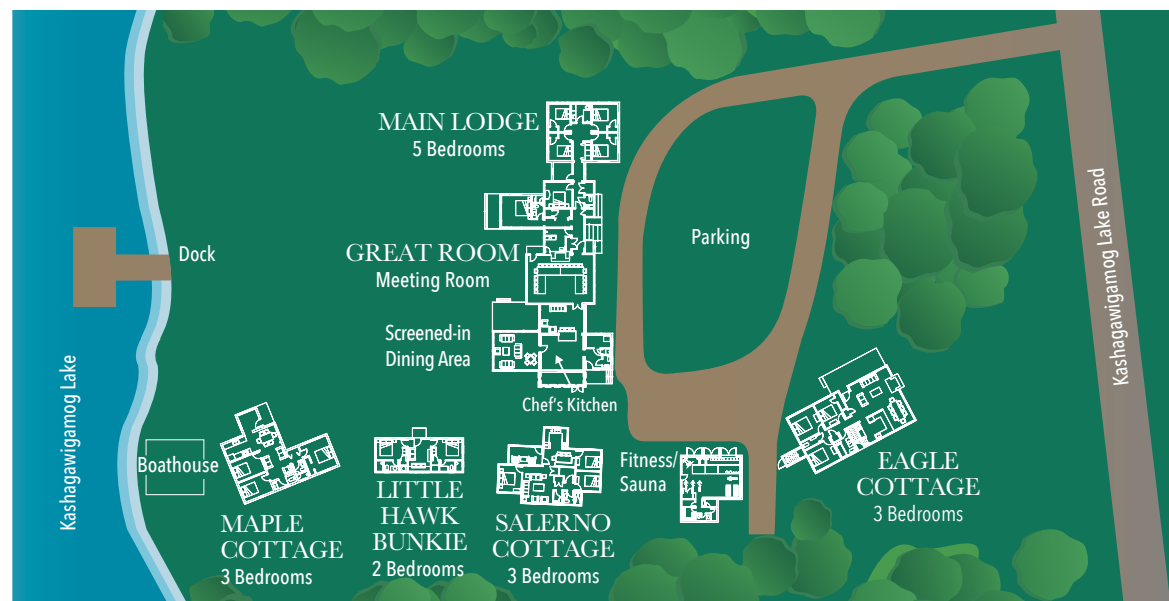

Today the modernized Post House encompasses 16 rustic luxe accommodations, flexible event space for up to 32 guests, a top-notch fitness studio, outdoor activities, and all the "mod cons" - like EV charging stations, and seamless wifi.

Everything's Included

A retreat is an escape from your daily routine. By definition, hosting one should always be simple, and stress-free. That's why every Post House booking – for business or wellness – is bespoke, totally private, and all-inclusive, with full run of the property, featuring:

- Flexible meeting or event space, with polished set-ups as a boardroom, for break-out groups, or brainstorming sessions focused around our adaptable Great Room
- Rustic luxury accommodations for up to 32 guests, double occupancy
- Breakfast, lunch, dinner, snack breaks & canapés
- Our top-notch Fitness Studio and dry sauna, with their own change facilities
- Firepit lakeside, large patio, dock, more gathering spots
- Year-round on-site activity options, and many local attractions

Whatever you require, we are here, ready to help you achieve peak productivity, get inspired, and rest easy.

The Great Room

The Main Lodge's Great Room is a soaring space filled with natural light, lake views and crackling fireplace glow. It can be set in a hollow square, boardroom or theatre-style, to meet your specific needs. Of course, wifi, a 77" OLED TV, and conferencing/speakerphone capabilities are all here. Then come evening, it can quickly flip to a lively lounge space or games room.

A HEALTH & SAFETY NOTE The Post House is a secluded, private retreat with plenty of outdoor space. Here, you can be assured the wellbeing of our guests and staff is always our first priority. Our strict health, safety, and cleaning protocols are based on the latest COVID-19 guidance and will continue to evolve as the situation does. For the latest details, please contact us and refer to our FYI KIT.

Productive Days Peaceful Nights

Cottage Living

Accommodations at the Post House are clustered in five buildings, with 16 double occupancy bedrooms and 13 bathrooms, including one AODA fully accessible bathroom. Beds are queen or double. Air-conditioned accommodations are kitted out with Nest thermostats, luxury linens, cozy duvets, plush robes and slippers. These can be refreshed daily, or as you prefer. Cottage accommodations outside the Main Lodge also feature generous common areas.

Gourmet Cuisine

Deliciously satisfying, and sustainable, private chef-crafted cuisine at the Post House goes beyond the basics to include gourmet breakfast, lunch, dinner, and snacks. From morning bites to after-meeting refreshments, your selection of fine dining options from Executive Chef Dan Sanders and Sous Chef Amber Husband can be enjoyed in several locations. Gather in the screened-in dining room/sunroom, the Great Room, or on the patio.

Things to Do

Go kayaking, canoeing, or paddleboarding. Make the most of our top-notch Fitness Studio with a Peloton bike, ellipticals, treadmills, rowing and cable crossover fitness machines, free weights, and TRX bands. Unwind in the dry sauna. Gather around the lakeside firepit. Practice yoga on the dock. Try Disc Slam, horseshoes, bean bag toss, or croquet together. We are also always happy to recommend cool local to-dos, and assist with nearby options for motorized watersports, snowmobiling, and more.
