“

Let me start this review by saying if I could give The Post House 100 stars out of 10, I would! From the moment I spoke to the staff, they were nothing but accommodating. They provide a red carpet service and make you feel so incredibly special on the day of your event and every day leading up to it. The venue is stunning and perfect for a small intimate wedding. The view is spectacular and the place is immaculate. The food is out of this world. Every single person said it was the best food they have ever had. If I could do our day again, I would not change a thing. It's obvious they want to make sure you have the best day. Thank you to everyone for making our special day incredible!

We recently celebrated our wedding at The Post House and were genuinely pleased with the experience. The venue offered a great price, making it an affordable option without compromising on service. Their team was incredibly attentive, addressing every detail, ensuring both our needs and those of our guests were met. Leading up to our wedding, their efficiency meant we didn't have to stress over any detail. The staff was friendly throughout and guided us through everything, simplifying the process. The food was top-notch. The rooms managed to blend modern amenities with a rustic touch. Many guests remarked on the delightful cedar aroma. Many of our attendees have said it was among the best weddings they've attended - a testament to their dedicated staff.

And thank you for being so accommodating! The property is so beautiful and no one wanted to leave! Special shout out to Chefs Dan and Amber. They killed it! Everything was so delicious you can't stop eating even if it hurts.
