

# Executive Retreats

Here at the Post House we mean business.

Explore our private executive retreats - great for creative thinking, team building and presentations

meet small, **THINK BIG.**

The Haliburton Post House is proof that executive retreats, small corporate meetings, planning sessions and incentives don't have to be routine. Planners and organizers can feel confident that our year-round location provides an idyllic, completely private, and confidential setting with no distractions, the highest level of inclusive service plus an expert's attention to detail at every turn. Beyond an unforgettable gathering spot for successful business events, the Post House is an ideal Ontario venue to regenerate, revitalize, and reward.

When you retreat to the Post House, you have our undivided attention – not to mention private use of our Great Room venue, all-season, screened in Dining Room, Fitness Studio, Boathouse, Dock, Event Lawn, and cottage gathering spots. This place is yours.

*“Our company visited The Post House for a planning retreat. The setting was private, quiet and beautiful. The facilities, food and staff were excellent. Our team fully enjoyed The Post House for the retreat and in our post-event survey, 100% requested to use it again.”*  
*John Barclay, CEO Three Holdings*

*“Our stay exceeded our expectations. From the moment we arrived, your team exuded professionalism, warmth, and hospitality. They went out of their way to ensure that every aspect of our stay was enjoyable and comfortable. The accommodation and facilities are top rate. Above all, the standout highlight was your culinary offering. The dining experience rivals any restaurant in the Greater Toronto Area. I cannot recommend the Haliburton Post House more strongly. Thank you again for everything, and please pass on our sincere gratitude to your entire team.”*

*Jaime Watt, Executive Chairman, Navigator*
